COMMUNICATION

Sir:

The applicants received a Notification of Defective Response in the subject application dated April 16, 2007. A copy of the Notification is attached. The Notification indicates that a computer readable copy of the sequence listing was not included with the applicants' submission of March 16, 2007.

According to the Patent Office's Patent Application Information Retrieval (PAIR), the computer readable format (CRF) of the sequence listing was received by the Patent Office on March 19, 2007. Attached are documents printed from the Image File Wrapper indicating that the Patent Office has received the CRF of the sequence listing for the subject application.

1. Copy of the Transaction History from PAIR indicating that the "CRF Is Good Technically/Entered into Database";

2. Copy of the Image File Wrapper (IFW) from PAIR indicating that the sequence listing was received on March 19, 2007. This document lists the name and size of the CRF of the sequence listing; and

3. Copy of the IFW indicating that the CRF was entered (“CRF entered-partial listing printed by STIC”—a copy of this document is also attached).

In addition, the undersigned’s legal assistant spoke to the paralegal responsible for the subject application, Ms. Paulette Kidwell, on April 27, 2007. Ms. Kidwell acknowledged that the CRF of the sequence listing has been received by the Patent Office and entered in the subject application and that a duplicate CRF does not need to be submitted in response to the Notification of Defective Response.

Respectfully submitted,

Glenn P. Ladwig

Applicant's response filed 03/19/2007 is hereby acknowledged. The following requirements set forth in the NOTIFICATION of MISSING REQUIREMENTS mailed 09/13/2006 have not been completed.

- A copy of the "Sequence Listing" in computer readable form has not been submitted as required by 37 CFR 1.821(e). If the effective filing date is on or after September 8, 2000, see the final rulemaking notice published in the Federal Register at 65 FR 54604 (September 8, 2000) and 1238 OG 145 (September 19, 2000). Applicant must provide an initial computer readable form (CRF) copy of the "Sequence Listing" and a statement that the content of the sequence listing information recorded in computer readable form is identical to the written (on paper or compact disc) sequence listing and, where applicable, includes no new matter, as required by 37 CFR 1.821(e), 1.821(f), 1.821(g), 1.825(b), or 1.825(d). If applicant desires the sequence listing in the instant application to be identical with that of another application on file in the U.S. Patent and Trademark Office, such request in accordance with 37 CFR 1.821(e) may be submitted in lieu of a new CRF.

Applicant is required to complete the response within a time limit of ONE MONTH from the date of this Notification or within the time remaining in the response set forth in the Notification of Missing Requirements, whichever is the longer. No extension of this time limit may be granted under 37 CFR 1.136, but the period for response set in the Notification of Missing Requirements may be extended under 37 CFR 1.136(a).

Applicant is cautioned that correction of the above items may cause the specification and drawings page count to exceed 100 pages. If the specification and drawings exceed 100 pages, applicant will need to submit the required application size fee.
